- For the remainder of the meeting, Dr. Imbarlina shared the presentation of the High School feasibility study that the School Board members heard earlier in the month. The next steps are to provide more detailed information, and a cost estimate, at a School Board meeting in January.

The next Key Communicator Meeting is scheduled for January 28, 2019. Any and all Parents or Guardians are encouraged to share any concerns you may have and would like to be shared to Administration. Simply reach out to either Key Communicator.
